Personal data (usually referred to just as "data" below) will only be processed by npi to the extent necessary for providing our product and service portfolio and for the purpose of providing a functional and user-friendly website, including its contents, and the services offered there.

Per Art. 4 No. 1 of Regulation (EU) 2016/679, i.e. the General Data Protection Regulation (hereinafter referred to as the "GDPR"), "processing" refers to any operation or set of operations such as collection, recording, organization, structuring, storage, adaptation, alteration, retrieval, consultation, use, disclosure by transmission, dissemination, or otherwise making available, alignment, or combination, restriction, erasure, or destruction performed on personal data, whether by automated means or not.

The following privacy policy is intended to inform you in particular about the type, scope, purpose, duration, and legal basis for the processing of such data either under our own control or in conjunction with others. We also inform you below about the third-party components we use to optimize our website and improve the user experience which may result in said third parties also processing data they collect and control.

Legal basis for the processing of personal data is Art. 6 of the GDPR.

Our privacy policy is structured as follows:

- I. Information about us as controllers of your data
- II. The rights of users and data subjects
- III. Information about the data processing

I. Information about us as controllers of your data

II. The rights of users and data subjects

With regard to the data processing to be described in more detail below, users and data subjects have the right

- to confirmation of whether data concerning them is being processed, information about the data being processed, further information about the nature of the data processing, and copies of the data (cf. also Art. 15 GDPR);
- to correct or complete incorrect or incomplete data (cf. also Art. 16 GDPR);

In addition, the controller is obliged to inform all recipients to whom it discloses data of any such corrections, deletions, or restrictions placed on processing the same per Art. 16, 17 Para. 1, 18 GDPR. However, this obligation does not apply if such notification is impossible or involves a disproportionate effort. Nevertheless, users have a right to information about these recipients.

Likewise, under Art. 21 GDPR, users and data subjects have the right to object to the controller's future processing of their data pursuant to Art. 6 Para. 1 lit. f) GDPR. In particular, an objection to data processing for the purpose of direct advertising is permissible.

III. Information about the data processing

Your data processed when using our website will be deleted or blocked as soon as the purpose for its storage ceases to apply, provided the deletion of the same is not in breach of any statutory storage obligations or unless otherwise stipulated below.

Provision of the website and the generation of logfiles

When accessing the npi website the system collects data automatically from the accessing computer system. The following data are collected:

-
- Website
 - Date and time
 - Amount of data in bytes
 - Link from where the connection was made
 - Browser which was used
 - Operating system which was used
 - IP address which was used
-

The server logfiles are saved for maximum 7 days and then deleted. The storage of logfiles is due to safety reasons e.g. to analyse and track misuse. If data are needed for further investigations they are stored until the case is solved. Legal basis for the storage is Art. 6 Par. 1 lit. f GDPR.

The temporary storage of logfiles is a requirement of the system in order to deliver the website to the computer system of the user. The IP address will be stored for the duration of the session. This procedure is based on Art. 6 Par. 1 lit f of the GDPR.

Data are deleted at the closure of the website. Only data needed for safety investigations will be stored for maximum 7 days.

The collection of these data for the provision of the website and subsequent storage in logfiles is essential for the functioning of the website. Therefore the user cannot file a claim against it.

a) Session cookies

We use cookies on our website. Cookies are small text files or other storage technologies stored on your computer by your browser. These cookies process certain specific information about you, such as your browser, location data, or IP address.

This processing makes our website more user-friendly, efficient, and secure, allowing us, for example, to display our website in different languages or to offer a shopping cart function.

The legal basis for such processing is Art. 6 Para. 1 lit. b) GDPR, insofar as these cookies are used to collect data to initiate or process contractual relationships.

If the processing does not serve to initiate or process a contract, our legitimate interest lies in improving the functionality of our website. The legal basis is then Art. 6 Para. 1 lit. f) GDPR.

When you close your browser, these session cookies are deleted.

b) Third-party cookies

If necessary, our website may also use cookies from companies with whom we cooperate for the purpose of advertising, analyzing, or improving the features of our website.

Please refer to the following information for details, in particular for the legal basis and purpose of such third-party collection and processing of data collected through cookies.

c) Disabling cookies

You can refuse the use of cookies by changing the settings on your browser. Likewise, you can use the browser to delete cookies that have already been stored. However, the steps and measures required vary, depending on the browser you use. If you have any questions, please use the help function or consult the documentation for your browser or contact its maker for support. Browser settings cannot prevent so-called flash cookies from being set. Instead, you will need to change the setting of your Flash player.

The steps and measures required for this also depend on the Flash player you are using. If you have any questions, please use the help function or consult the documentation for your Flash player or contact its maker for support.

If you prevent or restrict the installation of cookies, not all of the functions on our site may be fully usable.

Order processing

The data you submit when ordering goods and/or services from us will have to be processed in order to fulfil your order. Please note that orders cannot be processed without providing this data.

The legal basis for this processing is Art. 6 Para. 1 lit. b) GDPR.

After your order has been completed, your personal data will be deleted, but only after the retention periods required by tax and commercial law.

In order to process your order, we will share your data with the shipping company responsible for delivery to the extent required to deliver your order and/or with the payment service provider to the extent required to process your payment.

The legal basis for the transfer of this data is Art. 6 Para. 1 lit. b) GDPR.

Customer account/registration

If you create a customer account with us via our website, we will use the data you entered during registration (e.g. your name, your address, or your email address) exclusively for services leading up to your potential placement of an order or entering some other contractual relationship with us, to fulfil such orders or contracts, and to provide customer care (e.g. to provide you with an overview of your previous orders or to be able to offer you a wishlist function). We also store your IP address and the date and time of your registration. This data will not be transferred to third parties.

During the registration process, your consent will be obtained for this processing of your data, with reference made to this privacy policy. The data collected by us will be used exclusively to provide your customer account.

If you give your consent to this processing, Art. 6 Para. 1 lit. a) GDPR is the legal basis for this processing.

If the opening of the customer account is also intended to lead to the initiation of a contractual relationship with us or to fulfil an existing contract with us, the legal basis for this processing is also Art. 6 Para. 1 lit. b) GDPR.

You may revoke your prior consent to the processing of your personal data at any time under Art. 7 Para. 3 GDPR with future effect. All you have to do is inform us that you are revoking your consent.

The data previously collected will then be deleted as soon as processing is no longer necessary. However, we must observe any retention periods required under tax and commercial law.
